web www.millhamhardware.com

As I work alone and often have a backlog of orders, please order far enough in advance to meet your time requirements.

All dimensions in this catalog are approximate. Individual pieces will vary slightly, as all pieces are hand forged. All hardware is furnished with re-headed and re-pointed cut nails, which are easy to clinch. Standard hardware finishes: interior items, clear matte polyurethane; exterior latches, Penetrol; other exterior hardware, primer and matte black. Finishes can be changed to suit the customer's requirements.

Terms: Please include 75% of the order amount with your order, the balance will be due upon completion of the order. Minimum shipping is \$9.00. Typically orders are shipped UPS, so please include both a mail and UPS address if they differ.

## LATCHES

Latches come with the standard back group of a bar, staple, and strike.
